

Hello,

i'm using an csvi-template for exporting virtuemart-orders, with the option „Since last run“

Since my Update to joomla 5.4.4, virtuemart 4.6.8 and ro-csvi I have a problem with not selected orders.

In the log-File I found the (in my opinion) relevant code:

```
WHERE `zv8oh_virtuemart_manufacturers`.`virtuemart_manufacturer_id` IN (2) AND  
DATE(`zv8oh_virtuemart_orders`.`created_on`) > '2026-04-17 04:21:54' AND  
`zv8oh_virtuemart_orders`.`order_status` IN ('U','C','S') AND `user_info1`.`address_type` = 'BT'
```

I tried this in mysql

```
select virtuemart_order_id, created_on from xxxx_virtuemart_orders where  
DATE(`xxxx_virtuemart_orders`.`created_on`) > '2026-04-17 04:21:54' order  
by virtuemart_order_id DESC;
```

0 rows selected

By manually changing the date I get some orders:

```
select virtuemart_order_id, created_on, DATE(created_on) from  
xxxx_virtuemart_orders where DATE(`xxxx_virtuemart_orders`.`created_on`) >  
'2026-04-16 04:21:54' order by virtuemart_order_id DESC;
```

	 virtuemart_order_id	1	created_on	DATE(created_on)
<input type="checkbox"/>	  	21237	2026-04-17 09:15:13	2026-04-17
<input type="checkbox"/>	  	21236	2026-04-17 09:00:54	2026-04-17
<input type="checkbox"/>	  	21235	2026-04-17 08:29:36	2026-04-17
<input type="checkbox"/>	  	21234	2026-04-17 08:05:53	2026-04-17
<input type="checkbox"/>	  	21233	2026-04-17 07:18:24	2026-04-17
<input type="checkbox"/>	  	21232	2026-04-17 07:10:08	2026-04-17
<input type="checkbox"/>	  	21231	2026-04-17 06:07:54	2026-04-17

I assume the problem is „DATE“ because DATE returns no time (or maybe 00:00)

In my tests it works without „DATE“:

```
select virtuemart_order_id, created_on, DATE(created_on) from  
xxxxx_virtuemart_orders where `xxxx_virtuemart_orders`.`created_on` >  
'2026-04-17 04:21:54' order by virtuemart_order_id DESC;
```

	virtuemart_order_id	created_on	DATE(created_on)
<input type="checkbox"/>   	21237	2026-04-17 09:15:13	2026-04-17
<input type="checkbox"/>   	21236	2026-04-17 09:00:54	2026-04-17
<input type="checkbox"/>   	21235	2026-04-17 08:29:36	2026-04-17
<input type="checkbox"/>   	21234	2026-04-17 08:05:53	2026-04-17
<input type="checkbox"/>   	21233	2026-04-17 07:18:24	2026-04-17
<input type="checkbox"/>   	21232	2026-04-17 07:10:08	2026-04-17
<input type="checkbox"/>   	21231	2026-04-17 06:07:54	2026-04-17

```
select virtuemart_order_id, created_on, DATE(created_on) from  
xxxxx_virtuemart_orders where `xxxxx_virtuemart_orders`.`created_on` >  
'2026-04-17 08:21:54' order by virtuemart_order_id DESC;
```

	virtuemart_order_id	created_on	DATE(created_on)
<input type="checkbox"/>   	21237	2026-04-17 09:15:13	2026-04-17
<input type="checkbox"/>   	21236	2026-04-17 09:00:54	2026-04-17
<input type="checkbox"/>   	21235	2026-04-17 08:29:36	2026-04-17

So what can I do to solve the problem in my template?
